This solidly constructed work concludes with some overly simple assertions: 'Strategic bombing does not matter,' 'Punishment does not work,' and the like. Exploring a large number of cases superficially and five cases in depth, the author builds a strenuous argument that strategic air power has never delivered on its promises and, for reasons intrinsic

The air power that defeated Iraq was not the bombing of Baghdad that captivated millions of CNN viewers, but the direct pounding of the Iraqi army in Kuwait, which denied Saddam a chance to inflict heavy costs on the coalition ground offensive. U.S. air power made it impossible for the Iraqis to stop a breakthrough at the front.
