Flip Flap Fly A Book

Flip, Flap, Fly! is fun and cute and perfect for toddlers and preschoolers. The action words with their alliteration and assonance roll off the tongue when read aloud. The page turn guessing setup allows children to practice predicting what comes next based on the little bit of the next animal they can see and the previous rhyme (promoting phonemic awareness to boot!).

I also really enjoyed the almost tongue twister phrases like "flip, flap, fly" and the fact that each animal is partially shown before you turn the page hinting for the toddler to name it before the answer is given. The easy flow of Flip, Flap, Fly! and the cute illustrations make it a perfect book for little ones. Your Rating (1-5) and why: 5—I think young children would really love this book. Root uses alliteration (like in the title, with an emphasis on the onset "fl"), onomatopoeia, rhyme, meter, and fun language throughout the story, which is catchy and engaging.
