Installation Instructions - Jet Performance Products

The General Information Handbook (GIH) is a comprehensive resource about the JET Programme for JET Programme participants and contracting organisations. This bilingual publication is sent to new JET Programme participants in their home countries before they depart for Japan. All JET Programme participants are expected to read the GIH thoroughly, bring it with them to Japan, and keep it as a reference.

JET Does all of it's testing and tuning on chassis dynamometers. Each vehicle is tested extensively in stock trim to get baseline horsepower readings prior to doing any tuning. Once we have established the stock horsepower numbers we test, tune and test again until the maximum horsepower gains are achieved in all of the RPM ranges.
