Maruti 800 is a small city car that was manufactured by Maruti Suzuki in India from 1983 to 2014. The first generation (SS80) was based on the 1979 Suzuki Alto and had an 800 cc F8B engine, hence the moniker. Widely regarded as the most influential automobile in India, about 2.87 million 800s were produced during its course of which 2.66 million were sold in India itself.

### **Maruti 800 - Wikipedia**

This is a list of automobile engines developed and sold by the Suzuki Motor Corporation. Suzuki is unusual in never having made a pushrod automobile engine, and in having depended on two-strokes for longer than most. Their first four-stroke engine was the SOHC F8A, which appeared in 1977. Suzuki continued to offer a two-stroke engine in an automotive application for a considerably longer time ...
