April, 1921. An interview with Nikola Tesla, great inventor, who tells the romantic story of his life. He also describes a method of work he has evolved, which will be of use to any imaginative man, whether he is an inventor, business man, or artist. There were two inventions to my credit before I was six years old.

whose life and works have been enthrallingly described by John J. O'Neill in his book *The Prodigal Genius*: "He was aware as a boy that he was not like other boys in his thoughts, in his amusements and in his hobbies. He could do the things that other lads his age usually do, and many things that they could not do.

The story of Nikola Tesla is to the point and details his major achievements. While the man was undoubtedly a genius, however you define the term, the presentation comes across as one-sided, i.e., the limitations of his life were the result of jealous schemers rather than limits on Tesla's character or business acumen.
