Just as reference, the Isuzu KB300 mechanical pump also fits the Zd30, but with less modifications. There was a discussion a while back on the forum in terms of the mods. I thought there was no way to convert the ZD30 with the VP-electronic fuel pump to use a manual pump. Removes the complexity of the NATS unit then.

Converting np300 zd30 from electronic pump to manual ...

From these two things, a host of problems can surface. Let's take a look at 4 common fuel injector pump complications. Problem #1 - Dirty Fuel. A clean diesel fuel pump injector is a happy diesel fuel pump injector. Over time, residue can build up in the fuel system, and enough gunk, grime and grease can clog up the entire fuel injector pump.
