Access the portal login page at monitoring.solaredge.com (or in any page of the SolarEdge website, click Monitoring Portal Login). 2. Enter your user name (e-mail) and password (as appears in the confirmation email) and click Login. The first time you log in, there are no sites in the site list.

Application Note Site Administration in the Monitoring Portal

The SolarEdge Monitoring Portal enables you to monitor the technical and financial performance of one or more SolarEdge Photovoltaic sites. It provides information about present and past performance of each PV module individually and about the system as a whole.

SolarEdge Installation Guide - MAN-01-00002-1

The physical layout of the monitoring platform allows you to monitor systems at the module level, and pinpoint issues to the exact location of each module on a virtual site map. To create and edit your site's physical layout quickly and easily, use the SolarEdge Mapper application or the web-based layout editor.
