The straight-wire concept W. Bonham Magness, D.D.S. Houston, Texas The title, "straight-wire concept, " was developed purposely to emphasize the term concept. The concept or idea to be developed is that a more consistent, more ideal result can be obtained with less physical and mental drain on the operator, in less over-all treatment time, and with less discomfort to the patient, with the use of an appliance which places the primary source of tooth control within the attachment rather ...
