It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

The Hot House Life Inside

The Hot House Life Inside Leavenworth Prison With the cooperation of the Bureau of Prisons, Pete Earley spent much time from mid-1987 to mid-1989 at Leavenworth, a maximum-security institution whose nickname, the Hot House, derives from its lack of air conditioning despite the searing Kansas summers.

The Hot House: Life Inside Leavenworth Prison - Pete Earley

The Hot House provides a fascinating look into the lives of the inmates and guards of Leavenworth Prison in the late 1980s. While journalist Peter Earley doesn't shy away from the horrors of prison life (there are plenty of mentions of rape, torture, murder), he also presents a balanced view of the power dynamics in the prison; there is no black and white, good versus evil.

Pete Earley's 'The Hot House' offers a compulsively readable, honest-feeling account of what life's really like inside a maximum-security prison. By focusing on the stories of individual prisoners and guards, he's able to offer more insight on the mindset of the incarcerated and the staff, rather than a completely dispassionate accounting of facts.

To create a cooling pressure current, open the top section of windows on the downwind side of your house, and open the bottom section of windows on the upwind side. Also consider facing a box fan out one window to push hot air out, and try wetting a sheet then hanging it in front of a second open window like a curtain for a chill-infused breeze.
