The Huns were a nomadic tribe prominent in the 4th and 5th century CE whose origin is unknown but, most likely, they came from "somewhere between the eastern edge of the Altai Mountains and the Caspian Sea, roughly modern Kazakhstan" (Kelly, 45).

## Huns - Ancient History Encyclopedia

Theoretically, the Asian component could be originated from Finno-Ugric nations, Scythians, Huns and Avars. They excluded the Finno-Ugric origin right away and came to the conclusion that it is the Huns who fit the concept the best. However, the contribution of the other two groups can't be excluded completely.

The exact origins of the Huns are under dispute, but it is likely that they were originally a branch of the Xiongnu, a nomadic people in what is now Mongolia who often battled the Han Empire of China. After their defeat by the Han, one faction of the Xiongnu began to move west and absorb other nomadic peoples. They would become the Huns.

### **What Effect Did the Huns Have on Europe? - ThoughtCo**

The Huns were a mixture of Ostrogoth, Alan, Scythian, Asiatic, and Turkic people who made up a loose confederacy of multi-ethnic chiefdoms and their customs were a fusion of all these cultures. They were enigmatically nomadic and sedentary; they were fast allies and faster enemies.
