The Social Construction of What? — Ian Hacking | Harvard ...

Insistence on politically correct words is one fairly simple form of social construction. In Hacking's terminology, for each object there is a corresponding idea, in this inclusive sense of that term: "ideas, conceptions, concepts, beliefs, attitudes to, theories"; also "groupings, classifications (ways of classifying), and kinds."

The Social Construction of What? by Edward Pols | Articles ...

The Social Construction of What ? serves as a useful introduction to the question and issues surrounding the idea of "social construction". Because Hacking is not as partisan (and as venomous) as many of the parties engaged in this debate he is able to present both sides -- a welcome and interesting juxtaposition.

The Social Construction of What ? - Ian Hacking

A social construct is something that exists not in objective reality, but as a result of human interaction. It exists because humans agree that it exists.

Why Social Constructs Are Created

The theory of social constructionism states that meaning and knowledge are socially created. Social constructionists believe that things that are generally viewed as natural or normal in society, such as understandings of gender, race, class, and disability, are socially constructed, and consequently aren't an accurate reflection of reality.

Social Constructionism Definition - ThoughtCo

Social constructs can be different based on the society and the events surrounding the time period in which they exist. An example of a social construct is money or the concept of currency, as people in society have agreed to give it importance/value. Another example of a social construction is the concept of self/self-identity.

Social constructionism - Wikipedia

what is constructed. Talk of social construction has become common coin, valuable for political activists and familiar to anyone who comes across current debates about race, gender, culture, or science. Why? For one thing, the idea of social construction has been wonderfully liberating. It reminds us, say, that motherhood and its meanings aren't

Exam Copy

a theory that people actively shape their reality through social interactions/agreement - it's something constructed, not inherent. Social constructionism is theory that knowledge is not real, and only exists because we give them reality through social agreement - nations, books, etc. don't exist in absence of human society.

If not, marriage is some kind of social construction, an invention of culture like knickers or bow ties, fashions that change with the times. Marriages defined by convention can be anything culture defines them to be. No particular detail is essential. This, at least, is the argument of the same-sex marriage advocacy.

Is Marriage a Social Construction? - str.org

The social construction of health is a major research topic within medical sociology. At first glance, the concept of a social construction of health does not seem to make sense. After all, if disease is a measurable, physiological problem, then there can be no question of socially constructing disease, right? Well, it's not that simple.
