The Tragic Black Buck Racial

The Tragic Black Buck examines the phenomenon, often paradoxical, of black males passing for white in American literature. Focusing on the first third of the twentieth century, this book argues that black individuals successfully assuming a white identity represent a paradox, in that passing for white exemplifies a challenge to the hegemonic philosophy of biological white supremacy, while denying blackness.

Black Buck - Wikipedia

The brute caricature portrays black men as innately savage, animalistic, destructive, and criminal -- deserving punishment, maybe death. This brute is a fiend, a sociopath, an anti-social menace. Black brutes are depicted as hideous, terrifying predators who target helpless victims, especially white women.

In post- Reconstruction United States, Black Buck was a racial slur used to describe a certain type of African American men. In particular, the caricature was used to describe black men who absolutely refused to bend to the law of white authority and were seen as irredeemably violent, rude, and lecherous.

Driving while Black: ABC News analysis of traffic stops ...
Experts stress that racial disparities alone cannot prove racial bias. Rather, the data analysis simply shows the often vast differences in how often members of a city's police force interact with Black people compared to white people in the same city. In almost every major city examined, the analysis shows at least some disparity in traffic stops.
