wave of protests have reshaped our policies, priorities and values. The first of these were the moral reform movements, particularly abolition and temperance, which preceded our Civil War. The second were the populist and progressive movements

Waves of Protest edited by Jo Freeman and Victoria Johnson

Just last month, social movement scholar Frances Fox Piven predicted “waves of mass protest” in the US. She was right. In an interview with Jacobin, Piven discusses why disruption must be central to protests, the thorny questions of violence and property destruction, and how organizers should and should not see their role in the streets.
