White Noise Don DeLillo
White Noise is the eighth novel by Don DeLillo, published by Viking Press in 1985. It won the U.S. National Book Award for Fiction. White Noise is an example of postmodern literature. It is widely considered DeLillo's "breakout" work and brought him to the attention of a much larger audience.

White Noise (novel) - Wikipedia
White Noise, on the surface, is DeLillo's most orthodox novel. First person narrative. Straightforward chronology. Mainly domestic setting. Lots of humour. The novel's white noise is the endless stream of (mis)information we are subjected to in our lives. Data has a viral role in this novel. Data that rarely translates into wisdom.

White Noise: Plot Overview | SparkNotes
Thus, DeLillo uses Jack's reaction to death as a way of revealing the human tendency to use analysis as a way of over-compensating for fear. The characters in White Noise commit themselves so wholeheartedly to flawed logic that they appear willing to abandon fact—that is, as long as their theories are rhetorically (not factually) sound. By formulating such strongly intellectual arguments, they therefore feel more in control of their circumstances.
