I've tried out a few of his other works (e.g., Time Storm, The Dragon and the ...

Wolf and Iron by Gordon R. Dickson - Goodreads
I've been a Gordon R. Dickson fan for decades, since the late 1960s. I know Gordon Dickson's work largely from his excellent Dorsai books, and the (less-effective) rest of the Childe Cycle books. I've tried out a few of his other works (e.g., Time Storm, The Dragon and the George), but been less impressed.I'm sorry to say that Wolf and iron fits in that latter category.. The prose is smooth, the characters engaging.

In such a situation he could look for no help from Wolf. Not only would his companion be timid of any strangers—strange how an animal so potentially lethal and so armed by nature could also be so cautious and ready to run under unfamiliar situations—but, even if he did, a single bullet would take care of him, probably a shot on first sight by anyone taking Jeebee prisoner.
